1898 Arthur M. Field Manufacturing & Jeweler Asheville, North Carolina 1898

IN ISSUING this, our first Illustrated Catalogue, with Price-List, we wish to say that we have been compelled by the demands of our out-of-town customers to place before them in as tangible a manner as possible, a complete list of the best selling articles in solid gold and sterling silver (925/1000 fine), as it is possible to do by the aid of electrotypes and wood-cuts. We have tried to clearly describe all of the articles herein illustrated, so that it will be easy for everyone to intelligently order by mail. The selections have been made from the best of designs, with a view to the durability of the articles, and we can safely say that everything is of first-class workmanship and heavy enough for service.

To those who are not acquainted with us we would most respectfully refer to the Battery Park Bank of this city.

The steel used in the cutlery is of the very finest quality.

For the purpose of making clear the term ½ scale, we have illustrated on this page Bonbon Spoon number 444 in full size and ½ scale (half width and half length).

Native North Carolina Gems.

Asheville, situated in the center of the gem-producing section of North Carolina, has, as many thousands of annual visitors can testify, made itself known to the whole country and to the traveling world in search of the most picturesque in scenery, the beautiful in landscape and the delicious in atmosphere, in addition to the more real and lasting influences of healthful and restorative climate.

The beautiful picture which nature spreads everywhere in its richness of mountain and valley, and stream and forest, is only the outward and visible sign of what lies concealed, uncut, under the surface.

The Hiddenite, the only purely American gem-stone, is found alone in North Carolina. It ranges in color from yellowish green to deep blue-green. The Garnet is found in the variety called Almandine or precious garnet. The color varies from pink to dark blood-red. Carbuncle, garnet cut "en cabochon." The Amethyst varies in color from a light pink to a dark, rich, royal purple; sometimes combining all these colors. The Beryl is found in three colors: green, blue and yellow.

The following lists of precious and semi-precious stones occur in greater or less quantities: Diamond, Ruby, Sapphire, Emerald, Spinel, Hair-Stone, Cairngorm, Citrine Topaz, Rose Quartz, Essonite (Garnet), Opal, Cat's-eye, Moonstone, Oligoclase, Sunstone, Zircon, Chrysoberyl, Hematite, Siderite, Tourmaline, Titanite, Vesuvianite, Cyanite, Rutile, Hyacinth, Orthoclase, Malachite, Crocidolite, Labradorite, Epidote, Apatite, Chrysolite.

Owing to the confusion at the present time regarding the proper gem-stones for the different months, we submit the following table, which will probably explain the misunderstanding.

	January	February	March	April	May	June	July	August	September	October	November	December
JEWS,	Garnet	Amethyst	Jasper	Sapphire	Chalcedony or Agate	Emerald	Onyx	Carnelian	Chrysolite	Beryl	Topaz	Ruby

We endeavor to carry in stock every article advertised in this Catalogue. If for any reason we cannot fill your order promptly, we will advise you to this effect. When articles have to be engraved, it takes longer to fill the order.

Every article is put in a separate box and sent prepaid to your address. If your selection should fail to please, and has not been engraved, we will cheerfully exchange it for something else, or refund the money (less the expenses of transportation), if immediately returned.

We will engrave the initials or one name without extra charge, if there is a suitable place on the article. It is better, in your instructions, to print the letters to be engraved, so as to avoid any mistakes. Articles that are engraved cannot be exchanged.

We take old gold and silver in exchange for new goods. When sending us a package by mail, put your name and address either inside or on the wrapper. The postal law permits this.

If away from home, please give your home as well as your transient address when writing. Please also notify us of any change of residence, giving old as well as new address, so that we may change it in our lists and our catalogues may reach you safely. If you will send us the addresses of any of your friends, who you think would be interested in our catalogue, we shall be pleased to send them a copy.

One and two-cent stamps taken for amounts *less* than $1.00, although silver, if carefully wrapped, will carry just as safely, and is far more acceptable.

How to Order.

Simply state the name and number of the article and catalogue page.

Be sure to write your name and address legibly; also state whether Mrs. or Miss.

Money may be safely sent us by Post-Office Money Order, by Express Money Order, by Bank Draft, or in a Registered Letter, carefully wrapped and sealed. Money Orders for sums not exceeding $2.50 may now be obtained for only three cents; not exceeding $5.00, five cents; not exceeding $10.00, eight cents; not exceeding $20.00, ten cents. The fee for registering a letter or package is now only eight cents. State the amount of money sent. Any balance will be returned.
